# T13

T13 si caratterizza per le contenute dimensioni della base centrale con contrappesi a vista. Tale sistema costruttivo rende il tavolo molto fruibile e stabile anche con le dimensioni dei top più grandi. Un tavolo estremamente personalizzabile in cui si possono scegliere indistintamente le finiture di top, base in acciaio e dei settori di zavorra.

T13 is characterized by the compact size of the central base with visible counterweights. This construction system makes the table very usable and stable even with larger tops. An extremely customizable table, you can choose the finishes of the top, steel base, and ballast sectors independently.

Le T13 se caractérise par les dimensions réduites de la base centrale avec des contrepoids visibles. Ce système de construction rend la table très utilisable et stable même avec des plateaux plus grands. Une table extrêmement personnalisable, vous pouvez choisir indépendamment les finitions du plateau, de la base en acier et des secteurs de lest.

Der T13 zeichnet sich durch die kompakte Größe der zentralen Basis mit sichtbaren Gegengewichten aus. Dieses Konstruktionssystem macht den Tisch sehr benutzerfreundlich und stabil, auch bei größeren Tischplatten. Ein extrem anpassbarer Tisch, bei dem die Oberflächen von Platte, Stahlbasis und Ballastsektoren unabhängig voneinander gewählt werden können.

El T13 se caracteriza por el tamaño contenido de la base central con contrapesos visibles. Este sistema de construcción hace que la mesa sea muy utilizable y estable incluso con tapas más grandes. Una mesa extremadamente personalizable, se pueden elegir indistintamente los acabados de la tapa, la base de acero y los sectores de lastre.

# REFLEXO

Reflexo è una lampada a luce riflessa/indiretta, una tipologia di illuminazione che evita l'abbagliamento e al contempo distribuisce la luce in modo graduale. Un foglio bianco di soli 3mm di spessore è il diffusore della luce che si espande sul top del tavolo e nell'intorno. E' dotata di fonte luminosa anche nella parte superiore, dimmerabile separatamente.

Reflexo is a lamp with reflected/indirect light, a type of lighting that avoids glare while gradually distributing light. A white sheet only 3mm thick serves as the diffuser, spreading light over the tabletop and the surrounding area. It is also equipped with a light source in the upper part, which can be dimmed separately.

Reflexo est une lampe à lumière réfléchi/indirecte, un type d'éclairage qui évite l'éblouissement tout en distribuant la lumière de manière graduelle. Une feuille blanche de seulement 3 mm d'épaisseur sert de diffuseur, répandant la lumière sur le dessus de la table et autour. Elle est également équipée d'une source lumineuse dans la partie supérieure, réglable séparément.

Reflexo ist eine Lampe mit reflektiertem/indirektem Licht, eine Art der Beleuchtung, die Blendung vermeidet und gleichzeitig das Licht allmählich verteilt. Ein weißes Blatt von nur 3 mm Dicke dient als Diffusor und verbreitet das Licht über die Tischplatte und die Umgebung. Sie ist auch mit einer separaten dimmbaren Lichtquelle im oberen Teil ausgestattet.

Reflexo es una lámpara con luz reflejada/indirecta, un tipo de iluminación que evita el deslumbramiento mientras distribuye la luz de manera gradual. Una hoja blanca de solo 3 mm de grosor sirve como difusor, expandiendo la luz sobre la superficie de la mesa y el entorno. También está equipada con una fuente de luz en la parte superior, regulable por separado.

# POLE360

TV dimension 55 - 85"

Dalla nostra decennale esperienza nella progettazione di sistemi per unità multimediali, abbiamo voluto riassumere il meglio delle caratteristiche di versatilità e design in Pole360. Il sistema consente una libera installazione delle TV con possibilità di rotazione a 360°, i cavi sono nascosti all'interno del supporto e possono avere accesso dalla parte inferiore o superiore.

Drawing on our decades of experience in designing systems for multimedia units, we have encapsulated the best features of flexibility and design in Pole360. The system allows for free installation of TVs with 360° rotation capability, the cables are hidden inside the support and can be accessed from either the bottom or the top.

Fort de notre expérience de plusieurs décennies dans la conception de systèmes pour unités multimédias, nous avons résumé le meilleur des caractéristiques de flexibilité et de design dans Pole360. Le système permet une installation libre des téléviseurs avec une rotation à 360°, les câbles sont cachés à l'intérieur du support et peuvent être accessibles par le bas ou par le haut.

Basierend auf unserer jahrzehntelangen Erfahrung in der Gestaltung von Systemen für Multimedia-Einheiten haben wir die besten Eigenschaften von Flexibilität und Design im Pole360 zusammengefasst. Das System ermöglicht eine freie Installation von Fernsehern mit 360°-Drehung, die Kabel sind im Inneren der Halterung verborgen und können von unten oder oben zugänglich sein.
